Aladdin

Cherishing the Past, Creating the Future

Chua Chu Kang Secondary School Silver Jubilee 2018

Let the tale begin...

The scene opens at the bustling marketplace where we meet Aladdin and his friends, Jammal and Baggy, as they go on an adventure, battling the treachery that awaits them.

Act I

Aladdin tells the story of a valiant young man, determined to bring about justice to the land he loves. Merchants view him with disdain and ordain him as the Prince of Thieves. The poor look up to him, hoping he will bring an end to their suffering. Aladdin is also a dreamer and often longs for a better life. He meets Cassandra, a princess who yearns for true love. However, Aladdin becomes entangled in the Grand Vizier Zoltan's schemes in search of wealth and power. In his time of despair, Aladdin meets an unlikely saviour – a Genie from a lamp – who promises to serve him.

Act II

With the help of the Genie, Aladdin meets Cassandra again, but he no longer appears to be the sincere, young man that the princess thought she knew. A misunderstanding arises and they drift apart. Meanwhile, Zoltan's greed knows no end, and he continues to plot his evil schemes in order to gain the riches and power he so desperately desires. Alas, Zoltan gains control of the magic lamp and more trouble ensues for everyone. Will Aladdin ever escape from the evil clutches of Zoltan and reunite with Cassandra?
